

The Dalnavert Word Search

The aim is to locate all the words, included in the list below, within the scrambled word puzzle. Some letters may be used more than once and the words can be read backwards, diagonally, or in regular order. When all the words have been found there will be twenty-five letters left which when assembled in the right order will answer the question:

What group of people have led the fight for building preservation in Winnipeg since 1970?
